F&P Eson™

The F&P Eson is designed to perform in tune with you and your needs. The three key components, the *RollFit™ Seal*, *ErgoFit Headgear* and *Easy Frame*, work in harmony. These components have been designed to deliver the comfort, seal and easy use that Fisher & Paykel Healthcare masks are known for.

- RollFit Seal**
 As the name suggests, the one-piece seal ‘rolls’ back and forth on the bridge of the nose to adjust automatically. In doing so, the RollFit Technology reduces pressure on the bridge of the nose.
- ErgoFit Headgear**
 This breathable, ergonomically designed headgear has been designed to self-locate high on the rear of the head, allowing for head movement (sideways, up and down).
- Easy Frame**
 This low-profile frame is stable, durable and small, and ensures a clear line of sight. The one frame fits all three seal sizes and has an Easy-Clip frame attachment to aid assembly after cleaning.

F&P Zest™ Q

The F&P Zest Q Nasal Mask offers an over-the-nose solution that fits better, feels lighter and, as always, is easier to use.

Q is for quieter than ever – one of the unique features is how quiet it is.

The F&P Zest Q Nasal Mask comes in three separate sizes, as an Out-of-Box solution fully assembled and ready for use. F&P Zest Q minimizes partner disturbance and ensures a better SleepLife.

F&P Lady Zest™ Q

F&P Lady Zest Q takes the ‘best of Zest’ and adds a quintessentially feminine appeal. Sometimes it’s the little things that make a difference. She offers an over-the-nose solution that, like Zest, fits better, feels lighter and is easy to use. With her advanced Air Diffuser the Lady Zest Q is all about peace and quiet.

She won’t disturb anyone’s sleep with noise or draft.

Available in 2 sizes: Standard and Petite.

Zest™

Small, quiet and effortless to fit and use, the Zest Nasal Mask offers superb comfort with its innovative design. The Zest Nasal Mask Range includes the following features:

- The unique FlexiFoam cushion is an active-contouring cushion that is light and supportive to provide greater comfort.
- FlexiFit Technology provides a greater range of movement at the nasal bridge, simplifying the fitting process while improving the seal and comfort.
- Unique Glider Strap for freedom of movement while maintaining a seal.
- The Easy-Clip Silicone Seal allows one-step connection or removal for quick and effortless cleaning. Variable Thickness Silicone (VTS™) provides an ultra-soft fit for improved sealing and comfort.
- Designed and contoured using the Fisher & Paykel Healthcare Anthropometric Database.*
- Fully assembled for a complete and simple Out-of-Box Solution.
- Available in three sizes: Zest, Zest Petite and Zest Plus.

F&P Simplus™

When engineering the F&P Simplus our designers set out to create a mask that revolutionized Full Face comfort, seal and easy use. The F&P Simplus is the result of intensive research and development, many prototypes and thousands of design hours. We consulted patients, equipment providers and clinicians from around the world to develop a mask that simply fits + performs.

- **RollFit Seal**

As the name suggests, the one-piece seal “rolls” back and forth on the bridge of the nose to adjust automatically. In doing so, the **RollFit Technology** reduces pressure on the bridge of the nose.

- **ErgoForm Headgear**

This breathable, ergonomically designed headgear self-locates high on the rear of the head, allowing for unrestricted head movement (sideways, up and down).

- **Easy Frame**

This low-profile frame is stable, durable and small, and ensures a clear line of sight. The one frame fits all three seal sizes and has an **Easy-Clip Frame Attachment** to aid assembly after cleaning.

Forma™

The Forma Full Face Mask forms a superior seal and provides even more comfort with a greater range of movement through the active contouring of the FlexiFoam Cushion. The T-Piece adds stability to the stylized Mask Base, and works in harmony with the highly contoured Silicone Seal and Under-Chin Design to enhance sleep performance.

The Forma Full Face Mask includes the following features:

- Simple one-step auto-adjustment fitting using FlexiFit Technology.
- The unique FlexiFoam Cushion is an active-contouring cushion that is **light** and **supportive** to provide greater comfort.
- Unique Glider Strap provides freedom of movement while maintaining a seal.
- Crown Strap and Under-Chin Design provide extra stability and maintain a secure fit, even with jaw movement.
- Easy-Release Strap allows simple removal of the mask.
- Fully assembled, available in four sizes: Small, Medium and Large (two sizes included) and X-Large.

F&P Pilairo™

Weighing in as the lightest F&P Nasal Pillows Mask (1.83 ounces/52 grams), the F&P Pilairo is light on the patient and big on performance. The clever design integrates a new self-inflating AirPillow™ Seal and minimal headgear. As a result, the patient experiences freedom of movement coupled with stability they can trust.

The F&P Pilairo represents minimalist, highly effective nasal pillows design at its best and sets new benchmarks for comfort, seal and easy use.

Oracle™

The Oracle delivers pressure through the mouth rather than the nose, offering the patient yet another choice of delivery. Clinically proven to function as effectively as a nasal mask, the Oracle is a perfect solution for mouth breathers and patients with chronic nasal obstruction who find therapy difficult with a nasal mask.

The new-generation Oracle has exciting refinements that improve the patient experience, for ease of use and ease of seal. A new symmetrical design means the mask is always correctly fitted, while the infinitely adjustable rotating dial allows for a personalized fit to provide greater comfort and simplicity.

The Oracle Interface is a new, unique oral mask for the delivery of CPAP or Bi-level therapy.
